

Primo Central Index Open Access Collection List

The following list contains information about the coverage of Open Access collections in the Primo Central Index.

Information included in the list:

Collection - name of the collection.

Provider - the provider of the content to Primo Central.

Content Type(s) - type of materials included in the collection.

Status -

(i) *Indexed* - the collection has been loaded to Primo Central and is now searchable.

(ii) *In progress* - we have an agreement with the collection provider to index this collection and will be loading it to Primo Central in the coming months.

Index Coverage - percentage of the collection's coverage in the Primo Central Index.

Subject Headings/Keywords - keywords and subject headings of records from the collection are indexed.

Full Text Searchable - the full text of records from the collection is indexed.

Open Access - indication whether the collection includes open access content. Possible values are 'Yes' and 'Partial'.

Available via MetaLib - the collection is searchable via MetaLib. If you have MetaLib activated in your Primo system, the resource is available via Primo as a metasearch target.

Updated: April 2016
